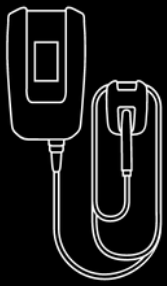
CREATE YOUR EV HOME

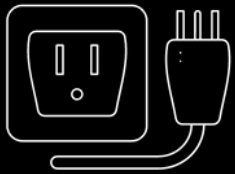
Consider these key elements as you begin to plan for a convenient life at home with your EV.



LEVEL 2 HOME CHARGER

240-Volt up to 19.2 kW[*] on 2023 LYRIQ RWD

This professionally installed Level 2 charger offers up to 83 km of estimated range[†] per hour of charge on 2023 LYRIQ RWD. Plug in at the end of your day, and wake up ready to go.



DUAL-LEVEL CHARGING CORD

DUAL-LEVEL CHARGING CORD
240-Volt/7.7 kW[*] and 120-Volt/1.4 kW[*]

Included with your new 2023 LYRIQ, this charging cord allows you to plug into an appliance-style 4-pronged outlet or a standard 3-prong outlet. Take it on a road trip to make charging away from home easier.
