PRODUCT GUIDE

2026 UNCHARTED

The Subaru EV family grows for the 2026 model year with the all-new Uncharted. Built on a shortened version of the e-Subaru Global Platform, the Uncharted is a sub-compact EV built to provide accessible electrified motoring to all. Four unique trims give the Uncharted unexpected depth: one entry-level FWD trim, one long-range FWD trim, and two well-equipped AWD trims.

The Uncharted FWD Long Range features a larger 77 kWh battery, for those extended road trips, while the Uncharted Sport and GT add Symmetrical All-Wheel Drive and 338hp, for capability and dynamic performance. Subaru mainstays such as EyeSight, SubaruConnect™, and available X-MODE lend a familiar feel, while unique fastback styling is sure to excite.

* Charging times and capacities are estimated based on ideal charging conditions and infrastructure. As temperatures decrease below 10°C, charging time will increase significantly and charging capacity will decrease significantly. Charging may slow down more than other comparable models in weather conditions below 0°C and may not be possible when the battery temperature drops to around -20°C and below. Amongst others and non-exclusively, drive battery conditions, charger specifications, charging infrastructure and Level 3 DC fast charging fully more than once per day also can negatively affect charging time. See the owner's manual for details.

** Based on Natural Resources Canada's (NRCAN) approved guidelines. Refer to NRCAN's Fuel Consumption Guide available at <https://fcr-ccc.nrcan-mcan.gc.ca/en> for more information. Full battery charge and ideal conditions are required. Figures will vary based, amongst others and non-exclusively, on driving and charging habits, speed, accessory use, weather and temperature, battery age, vehicle condition, road condition and other factors. In sub ideal conditions, figures may worsen by more than 50%. Battery capacity decreases with time and use which will further reduce range. See the owner's manual or NRCAN's Fuel Consumption Guide for details.
