

2025 RAM 1500

THE STRONGEST RAM 1500 EVER

THE NEW 2025 RAM 1500. It's both an evolution and a revolution of the truck that fans have depended on for decades. It starts with a redesigned exterior, an even more sophisticated interior and two new available 3.0L Hurricane I6 engines that help make this Ram 1500 the strongest yet. An all-new Tungsten trim level delivers unique styling cues, comfort and the kind of tech that truck buyers actually use. In fact, Tungsten Offers the Most Technologically Advanced Features in Its Class.* Most importantly, from jobsites to highways to boat launches to driveways, the new 2025 Ram 1500 is still built to serve those behind the wheel.

*All disclaimers can be found on the last page. Properly secure all cargo. Always tow within the vehicle's capacity.
