LARAMIE NIGHT EDITION SHOWN IN DIAMOND BLACK CRYSTAL PEARL

INSPIRED BY AUTHENTIC MATERIALS
FIRST CLASS ON FOUR WHEELS

AIR FILTRATION SYSTEM

Breathe cleaner and fresher air, thanks to the standard air filtration system. This system filters 95 percent of air particulates, such as dust, smoke, droplets and aerosols, for a cleaner cabin.

POWER STATION

Charge up to five phones in the available reconfigurable centre console. This storage space has enough room for a 15-inch laptop and a bin for hanging file folders, plus Type-C USB charging ports.

12-INCH DIGITAL INSTRUMENT CLUSTER

The cluster provides enhanced standard gauges, available full-screen navigation² in the cluster and the ability to select illumination colour for a more custom feel.

CLASS-EXCLUSIVE IN-FLOOR STORAGE³

Available in-floor covered storage bins can accommodate a 10-cm (4-inch) drop hitch. They also feature a 38-cm (15-inch) moulded-in ruler, two rear-seat tie-downs and removable liners for easy cleaning.

THE UCONNECT® 5 SYSTEM

OFFERS A HOST OF CONNECTED SERVICES AND FEATURES FOR EASE OF USE FOR BOTH NOVICE AND EXPERT USERS ALIKE.

UCONNECT 5 NAV² RADIO is available to keep you informed and entertained. Its large, full-colour, 12-inch touchscreen integrates with your iPhone through Apple CarPlay⁴ and your smartphone with Android Auto.^{TM4} The available 4G LTE WiFi Hotspot⁵ allows you to connect up to eight devices.

With Amazon Alexa Built-In⁶ for the Uconnect 5 radio in your vehicle, you can have the convenience of the Alexa features you enjoy at home, now on the go.

CONNECTED TRAFFIC AND TRAVEL SERVICES¹ Thanks to the ability to predict traffic, formulate better routes and provide more accurate arrival times, Uconnect Navigation Package provides the most up-to-date traffic and travel information. Uconnect's Advanced Connectivity services—including Traffic, Parking, Fuel and Weather—provide drivers with reliable, timely information to get them where they are going. Subscription to Ram Connect¹ is needed.

(SiriusXM) WITH 360L⁷ SIRIUSXM WITH 360L⁷ makes it easier than ever to find and enjoy listening to over 200 channels and 10,000 hours of on-demand content. A six-month trial is included with your Ram 1500.

APPLE CARPLAY⁴ makes wireless in-vehicle iPhone use easier and safer. Your call: use the touchscreen or Siri voice commands.⁸ Available.

ANDROID AUTO^{TM4} Wirelessly connect your AndroidTM phone to access your favourite maps, media, and messaging apps like Google Maps and YouTube Music on your car display. Available.

OFF-ROAD PAGES provides real-time vehicle information while operating on off-road positions. Information includes ride height, transfer case, pitch and roll, and more. Available.

TRAILER-TOW PAGES The enhancements to the camera system on Ram 1500 allow access to multiple exterior vehicle view modes that include behind-the-trailer view and blind-spot view. Available.

Uconnect®

DEP

RAM 1500 KEEPING YOU

IN TOUCH AND CONNECTED

EVOLVE YOUR CONNECTIONS

This is user-friendly technology that delivers premium levels of entertainment, communication, comfort and convenience. Ram 1500 offers a wealth of technologies that do it all. Among them are the latest generation of the Award-Winning Uconnect® systems, built-in cellular connectivity, and personalized settings for available features like heated/ventilated seats, Keyless Enter 'n Go™—and much, much more.

RAM CONNECT®

Drive worry-free with Ram Connect—a premium suite of safety and convenience services that can be accessed in your vehicle or through the Ram Connect App. Includes a three-month trial. Available with Uconnect 5 multimedia centres.

Ram Connect features include:

- SOS Call⁹
- Roadside Assistance Call¹⁰
- Lock/Unlock Your Car¹¹
- Start Your Car¹¹
- Remote Horn and Lights¹¹
- Vehicle Finder¹¹
- Send & Go¹²
- Theft Alarm Notification¹³
- Stolen Vehicle Assistance¹⁴
- Family Drive Alerts¹⁵

ALWAYS KEEP YOUR
EYES ON THE ROAD

This is where safety and technology intersect. The fully customizable Heads-Up Display (HUD) projects important stats like km/h, incoming calls and turn-by-turn navigation² directly on the windshield. Available.

THE AUTHORITY ON WORK AND PLAY

AND THE MILES IN BETWEEN

CAPABILITY

Bring on your big jobs and huge loads. Ram 1500 offers multilink coil spring rear suspension, available eTorque technology and Class-Exclusive Active-Level™ Four-Corner Air Suspension System.¹⁶ It can also haul up to a 1,043-kg (2,300-lb) max payload.

LARAMIE® SHOWN IN BILLET SILVER METALLIC

Properly secure all cargo.

COMFORT

Comfort starts with spacious six-person seating and soft-touch interior features. It also comes from mounted entry/exit assist handles, dedicated space for travel essentials, and available running boards and side steps.

DEALER ePROCESS

THE CAPABILITY TO DO MORE
MAXIMUM TOW PACKAGE
UP TO 18,350-LB (8,323-KG) GCWR

LIMITED SHOWN IN BILLET SILVER METALLIC

Properly secure all cargo. Always tow within the vehicle's capacity.

DEALER PRICE

THE POWER TO
ENJOY MORE

LIMITED SHOWN IN GRANITE CRYSTAL METALLIC

UNRELENTING POWER

Ram 1500 engines help deliver impressive towing numbers. Get up to 5,783-kg (12,750-lb) max towing with the available 5.7L HEMI® V8 with eTorque.

MAX TOW PACKAGE

Those serious about towing will want this available package. For models equipped with a 5.7L HEMI V8 with eTorque, it adds even more strength, security and a suite of features that increases the GCWR to 8,323 kg (18,350 lb), which enables max towing of 5,783 kg (12,750 lb).

See more at RAMTRUCK.CA

TAKE FULL COMMAND OF YOUR SURROUNDINGS

REMOVE THE GUESSWORK

Opt for the 360° Surround View Camera System¹⁷ and Trailer Camera Prep that allows for up to two cameras to be positioned on or within the trailer, and you'll not only greatly reduce blind spots, but you'll take the guesswork out of trailer hookup. There's even a tailgate light that provides illumination for hookup in the dark.

Choose the available Trailer Surround View Camera System¹⁷ feature that provides a 360° bird's-eye view of the trailer, eases vehicle/trailer manoeuvring by providing enhanced visibility of trailer surroundings and aids when backing up the trailer in tight spaces.

ACTIVE-LEVEL™ FOUR-CORNER AIR SUSPENSION SYSTEM

When equipped with the Active-Level Four-Corner Air Suspension System, the Ram 1500 can automatically or manually adjust ride height to optimize performance—with a lower ride height at highway speeds to increase aerodynamics and a higher ride height to increase ground clearance on the trail.

EASIER, SAFER DRIVING WITH SAFETY TECHNOLOGY

LIMITED LONGHORN™ SHOWN IN RED PEARL

Properly secure all cargo. Always tow within the vehicle's capacity.

TRAILER REVERSE STEERING CONTROL

Self-calibrating Trailer Reverse Steering Control (TRSC) automatically assists with backing up a trailer by turning the truck wheels in the proper direction. Just twist the knob in the direction that you want the trailer to go. Available.

DIGITAL REARVIEW MIRROR¹⁸ WITH SIDE CAMERA INTEGRATION

Along with a real-time video stream from a rear-facing camera,¹⁷ the Digital Rearview Mirror adds an additional exterior mirror that provides a composite visual of left- and right-side views of the vehicle. Select from several display modes to get a better view of the sides of the vehicle. The camera is mounted on the rear of the cab for an unobstructed view and provides a wider field of view versus a traditional mirror. Available.

TRAILER TIRE PRESSURE MONITORING SYSTEM

If a trailer tire becomes low, the available Trailer Tire Pressure Monitoring System will alert the driver. The unique pressures for up to six trailers/RVs can be programmed into the system. Available.

DEALER ePROCESS

**3.6L PENTASTAR™ V6 ENGINE
WITH eTORQUE**

305 HP | 269 LB-FT

**7,710-LB (3,497-KG)
MAX TOWING**

ROBUST POWER AND EXCEPTIONAL V6 FUEL ECONOMY

The facts: a high 10.2:1 compression ratio. High torque—including a supplemental 90 lb-ft of eTorque—and over a broad rpm range: nearly 90 percent of peak torque is available from 1,800 to 6,400 rpm. eTorque utilizes a belt-starter generator system, a 48-volt lithium-ion battery, regenerative braking and electronic power boost. Standard on Tradesman® and Big Horn®.

5.7L HEMI® V8 ENGINE

395 HP | 410 LB-FT

**12,750-LB (5,783-KG)
MAX TOWING**

DESIGNED TO PERFORM

Few engines are as legendary as the HEMI V8. This iconic powerplant incorporates Variable Valve Timing (VVT) and a Multi-Displacement System (MDS)/FuelSaver Technology for max fuel efficiencies.

ADD THE AVAILABLE eTORQUE TECHNOLOGY WITH A SUPPLEMENTAL 130 LB-FT OF TORQUE

More than just torque, eTorque works with the standard MDS/FuelSaver Technology to deliver excellent V8 4x4 fuel economy and a V8 driving range of up to 848 km (527 mi). The eTorque electric motor creates a mild-hybrid system to help refine Stop/Start capability; it also creates a generator for the regenerative braking, converting kinetic energy to recharge the battery system.

**6.2L SUPERCHARGED
HEMI V8 ENGINE**

702 HP | 650 LB-FT | 4.5 SEC

**8,100-LB (3,674-KG)
MAX TOWING**

THE MOST POWERFUL FACTORY-INSTALLED ENGINE EVER IN A HALF-TONNE TRUCK³

Only available on the Ram 1500 TRX, the legendary 6.2L Supercharged HEMI V8 engine ensures this monster can charge from 0-60 mph in just 4.5 seconds. The supercharger provides near-instantaneous torque, has a maximum speed of 14,600 rpm and is engineered to withstand 1,595 psi—or the equivalent of nearly 9,072 kg (20,000 lb) of force.

DEALER ePROCESS

LIKE A DOME OF PROTECTION

DRIVER-ASSISTED SAFETY FEATURES

TRAILER SWAY CONTROL (TSC)

Sensors in the vehicle recognize an excessively swaying trailer and will take the appropriate actions to attempt to stop the sway. The system will activate automatically once excessive trailer movement is recognized.

BLIND-SPOT MONITORING (BSM) WITH REAR CROSS-PATH AND TRAILER DETECTION¹⁸

This available system scans the blind-spot zones beside and behind the vehicle to help ensure trailer safety during manoeuvring while automatically sensing and accounting for the length of the trailer.

Properly secure all cargo. Always tow within the vehicle's capacity.

ADAPTIVE CRUISE CONTROL WITH STOP (ACC STOP)¹⁸

Maintains a driver-selected set distance from vehicles in the lane ahead. When slower traffic is detected, Ram 1500 automatically adjusts its speed all the way down to 0 km/h, even with a trailer attached. Available.

FORWARD COLLISION WARNING (FCW) WITH ACTIVE BRAKING¹⁸

Notifies the driver when the vehicle gets too close to a preceding vehicle. If the driver isn't braking enough, Pedestrian Automatic Emergency Braking¹⁹ automatically takes over, dramatically increasing braking when over 50 km/h (31 mph) and even helping to come to a full stop under 50 km/h (31 mph). The system also works with attached trailers and will engage the trailer brakes. Available.

LANE DEPARTURE WARNING PLUS¹⁸

To prevent drifting, the available Lane Departure Warning Plus System keeps you in your lane by warning you visually and adjusting your steering when the system detects lane drift.

SELEC-SPEED[®] CONTROL

Standard with the 8-speed automatic transmission, the system manages vehicle speed in 4-L0 while traversing off-road terrain without requiring throttle or brake input, allowing the driver to focus on steering. A button on the dash can be adjusted from 0.9-8.0 km/h (0.6-5.0 mph) by using the AutoStick shift control or steering wheel-mounted paddle shifters.

PEDESTRIAN AUTOMATIC EMERGENCY BRAKING (PAEB)¹⁹

This smart system uses information from forward sensors to detect a pedestrian in the vehicle's path. If a collision with a pedestrian appears imminent, PAEB will help provide automatic braking if the driver has not acted to avoid a crash.

GUIDED PARKING

Parallel and Perpendicular Park Assist¹⁸ provides active guidance when parking. The guidance system directs you to engage the gear position, brake and accelerator while it automatically controls steering. Available.

Learn more at RAMTRUCK.CA

AIR BAG²⁰ TECHNOLOGY

Occupants are protected with advanced multistage front air bags, supplemental front-seat side-mounted air bags and side-curtain air bags.

ELECTRONIC PARKING BRAKE

Multifunctional, it features five operational modes, including Safe Mode and Drive-Away Release.

MASSIVE BRAKES

Front and back, Ram 1500 standard rotors measure up—and they're the Largest Brakes in the Class: nearly 378 mm (15 in) in diameter.³

SIDE-IMPACT DOOR BEAMS

Built into every Ram 1500, they reinforce protection against side impacts.

CAPABILITY BEGINS WITH **PRECISION ENGINEERING**

Learn more at RAMTRUCK.CA

CLASS-EXCLUSIVE AIR SUSPENSION TECHNOLOGY³

The Active-Level™ Four-Corner Air Suspension System is ideal for towing and features the bed-lowering Hitch Assist. Available.

SMART FRONT AND REAR SUSPENSION

What works: a heavy-duty front stabilizer bar and standard link coil rear suspension.

TOUGH STEEL FRAME

The frame takes the concept of durability to extremes. 98 percent of the steel used in the frame is high-strength steel.

UNIQUE SUSPENSION

The five-link, progressive-rate coil spring rear suspension is 18 kg (40 lb) lighter than leaf springs for better articulation and help with load levelling.

THE BED THAT BACKS YOUR
HARD WORK AND HUSTLE

MAKE EVERY JOB EASIER

MULTIFUNCTION TAILGATE

It's tradition with a twist. This is the tailgate that delivers split-door flexibility. The 60/40-split, swing-away doors give quick access to the cargo bed without having to lean over a traditional tailgate—even while trailering. When the job calls for it, the multifunction tailgate provides a traditional tailgate that easily handles up to 907 kg (2,000 lb). Available.

Properly secure all cargo.

SHEETS FIT

The RamBox® Cargo Management System offers extra storage, while the bed still accommodates standard 4x8-foot sheets of building materials. Available.

POWER-RELEASE TAILGATE

The available power-release tailgate feature lets you open the standard damped tailgate with the push of a button on the overhead console or from the key fob.

IN-BED LED LIGHTING

Controlled by a switch or activated when the unlock button on the key fob is pushed. Available.

BED UTILITY GROUP

Offers a bed divider, a cargo rail system with four adjustable tie-down loops and a deployable bed step. Includes spray-in bedliner on select models. Available.

STEEL DEPLOYABLE BED STEP

Foot-controlled for use or to tuck it back under the bed. Available.

ILLUMINATED STORAGE

115-VOLT POWER OUTLET

Properly secure all cargo.

DRAINABLE STORAGE

RAMBOX® CARGO MANAGEMENT SYSTEM

It's durable, it's Segment-Exclusive³ and it's the smart way to keep gear organized. The available RamBox Cargo Management System boasts storage bins that are weatherproof, lockable, drainable and equipped with downward-facing illumination plus a 115-volt power outlet in the driver's-side bin.

THE MOMENTS TO REMEMBER

LIMITED

INTERIOR SHOWN IN BLACK PREMIUM LEATHER

UNCOMMON REFINEMENT

This is the most luxurious truck in the Ram 1500 lineup. It stands apart with a distinctive, corrugated, mesh grille, big 20-inch wheels and eye-catching chrome accents. The Class-Exclusive Active-Level™ Four-Corner Air Suspension System¹⁶ helps reduce drag, which can increase efficiency. The interior is layered in premium materials like genuine wood, metal and leather. A standard Uconnect® 5 NAV² multimedia centre with 12-inch touchscreen and a wireless charging pad are just a few of the upscale amenities.

LEAD THE PACK

There's no denying the power that comes from the 702-horsepower, 650-lb-ft-of-torque 6.2L Supercharged HEMI® V8 engine, but that's just part of the performance story. TRX was designed to be the ultimate high-performance, sandstorming, full-size pickup. Paired with a TorqueFlite® 8-speed automatic transmission, TRX delivers a 4.5-second 0-60-mph time and a top track speed of 190 km/h (118 mph). The performance hood boasts a functional air intake and two 12x8-inch air filters. Floor it over to [RAMTRUCK.CA](https://www.ramtruck.ca) for more.

Notes regarding the payload and towing charts above: numbers in **black boxes** reflect max ratings. 1. Payload and Max Trailer Weights are ESTIMATED values. 2. All weights are shown in lb unless otherwise stated. 3. Payload and Max Trailer Weight values are rounded to the nearest 10 lb. 4. Payload = GVWR – Base Weight. 5. Trailer Weight Rating (TWR) and Tow Vehicle Trailing Weight are calculated as specified in SAE J2807. Passenger Weight = 300 lb. Options Weight is option content above 33 percent of sales volume. Trailer Equipment Weight = Class IV Hitch Receiver is 11.1 lb (if not already included in Options Weight). Trailer Hitch is 10 lb if TWR is less than or equal to 5,000 lb, and 65 lb if TWR is greater than 5,000 lb. 6. Payload and Trailer Weight Rating are mutually exclusive. 7. GAWRs, GVWRs and GCWRs should never be exceeded. 8. The recommended tongue weight for a conventional hitch is 10 percent of the gross trailer weight. The maximum tongue weight for Class IV hitch receiver is limited to 1,100 lb. 9. Weight-Distributing Hitch is recommended for trailers over 5,000 lb.

WARRANTIES: 2024 Chrysler, Jeep, Dodge and Ram vehicles are backed by a 5-year or 100,000-kilometre* fully transferable Powertrain Limited Warranty with \$0 deductible plus 24-hour roadside assistance.¹ Basic Warranty coverage is for 3 years or 60,000 kilometres.* Rust-through coverage on all body sheet metal is for 3 years. The Cummins Turbo Diesel engine is protected by a separate Limited Warranty, covering the engine for 5 years or 160,000 kilometres.

*Whichever comes first. Some conditions may apply. ¹The 5-Year/100,000-Kilometre Powertrain Limited Warranty does not apply to vehicles sold for certain commercial uses. See your retailer for full details.

MOPAR VEHICLE PROTECTION: FCA Canada Inc. has a vested interest in your satisfaction and owner experience with your new Ram Truck. Mopar Vehicle Protection offers extended service plans to help ensure that you'll enjoy your truck for many years down the road. For more information on comprehensive vehicle coverage, see your Ram retailer, call 800-465-2001 or visit www.fccanada.ca/owners

DISCLAIMERS: 1) All vehicles properly equipped to receive Ram Connect connected services come with a three-month trial of Assistance Package or Assistance + Navigation Package (if equipped), five years of Vehicle Performance Package, and 10 years of Safety and Security Package effective from the date of purchase or lease of a new vehicle. Enrolment in trial is required to receive services. Upon expiration of trial period, purchase of a subscription is required to continue or renew services. Services are available on equipped vehicles purchased within the United States, Canada and Puerto Rico. Services can only be used where cellular coverage is available. See the applicable Terms of Service for complete terms and conditions, including service limitations. 2) Never program while driving. GPS mapping and 3D navigation may not be detailed or available in all areas or reflect current road regulations. 3) Based on the latest available competitive information. Class based on large light-duty pickups. Excludes electric vehicles. 4) Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice controls, when it is safe to do so. Requires compatible iPhone. See retailer for phone compatibility. Data plan rates apply. To use Android Auto on your phone screen, you'll need an Android phone running 8 or higher and the Android Auto App. 5) Three-month/1GB trial included with the purchase or lease of a new vehicle. Upon expiration of the trial period, purchase of a subscription is required. WiFi Hotspot is available through third-party subscription. Requires Internet-enabled mobile device. See retailer for details. This feature is not intended for use by the driver while the vehicle is in motion. Always drive carefully. 6) Requires a WiFi Hotspot data plan and linked Amazon account to run Alexa in the vehicle. 7) **If you decide to continue service after your trial, the subscription plan you choose will continue and you will be charged according to your chosen payment method at then-current rates unless you cancel your services.** Fees and taxes apply. Some services and features are subject to device capabilities and location availability. Please see the SiriusXM Customer Agreement at www.siriusxm.ca/terms for complete terms and how to cancel, which includes calling SiriusXM at 1-888-539-7474. All fees and programming are subject to change, provided that we will notify you in advance of any price change. We use personal information in accordance with our Privacy Policy, available at www.siriusxm.ca/privacy. 8) Requires an iPhone with Siri. Certain features are not available while the vehicle is in motion. iPhone must be within active cellular range. Customer's existing iPhone data rates apply to Internet-supported features. 9) In the event of a medical or other emergency, press the SOS button to be connected to a Customer Care agent who can direct emergency assistance to your vehicle's GPS location. 10) Roadside Assistance Call connects you with an agent who will provide Roadside Assistance Service. Vehicle must be within the United States, Puerto Rico or Canada and have network coverage. Additional roadside assistance charges may apply. Check warranty for details. 11) Vehicle must be enrolled with Ram Connect, be in an active and usable cellular range, have an active subscription and properly equipped with remote features. Remote Vehicle Start is not available on all vehicles. You are responsible for using remote features in accordance with any laws, rules or ordinances in effect in your vehicle's location. 12) Send & Go requires a vehicle equipped with Navigation. To use Send & Go, you must have Ram Connect installed on a compatible smartphone and have an active subscription to Ram Connect. 13) Theft Alarm Notification is compatible with factory-installed alarms only. 14) Stolen vehicle police report required. 15) Available only on equipped vehicles with an active subscription to Ram Connect connected services (Family Drive Alerts is not available on vehicles with 12-inch touchscreen). All vehicles properly equipped to receive Ram Connect connected services come with a three-month trial of Assistance Package or Assistance + Navigation Package (if equipped), five years of Vehicle Performance Package, and 10 years of Safety and Security Package effective from the date of purchase or lease of a new vehicle. Enrolment in trial is required to receive services. Upon expiration of trial period, purchase of a subscription is required to continue or renew services. Services are available on equipped vehicles purchased within the United States, Canada and Puerto Rico. Services can only be used where cellular coverage is available. See the applicable Terms of Service for complete terms and conditions, including service limitations. 16) Based on the latest available competitive information. Class based on FCA US LLC large light-duty pickups. 17) Always check entire surroundings visually before proceeding. 18) This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of his or her surroundings and be prepared to take corrective action to avoid collisions. 19) This system is an alert system for the front of the vehicle. It is not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. 20) The Advanced Front Air Bags in this vehicle are certified to the Federal regulations for Advanced Air Bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 21) Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. 22) No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 23) Not compatible with all garage door openers. 24) Vehicle must be locked and system activated for alarm to sound.
