# Helping Mobile Technicians Work More Effectively by Providing Organized Storage Solutions

## At Ranger Design, we believe more is possible.

We believe work vehicles and the technicians that drive them can become more organized, more efficient, more productive and more profitable. At Ranger Design we're committed to bringing you the products and services that make that possible.

More means helping you choose the right work van for your

application, as well as giving you engineering support and expert advice to help design the most efficient work space in your new vehicle.

More also means getting that new van outfitted and on the road faster, so you can start using it for the reason you bought it.

We're committed to bringing you more, because we believe more is possible.

**MORE IS POSSIBLE**

# PLAN YOUR VAN OUTFIT

## INSIDE ROOF HEIGHT

To determine the maximum shelf height that can be used in the van.

## PARTITION DEPTH

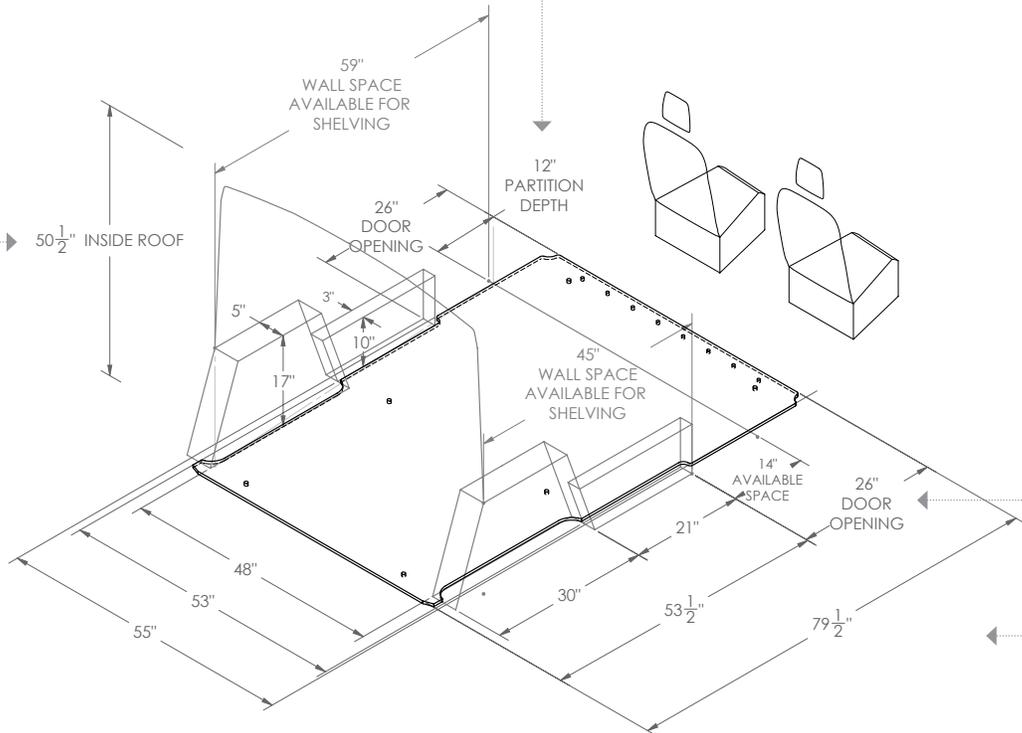

This indicates the space taken up by our partition for this vehicle. Please note that this measurement is determined by the partition that encroaches the most. Some partitions may take up less space. Take note that this measurement may not necessarily be on the floor.

## DOOR OPENING

To determine where shelving will land in relation to the door opening. Use this measurement to determine the space available for drawer units.

## FLOOR SPACE

This area is usable floor space but due to curvature of the van there may not be the same available area at the roof. Please measure actual van for specific measurement at roof.

# FLOORS

Impact and puncture resistant floors preserve the cargo van interior

Protect the inside of your vehicle with a slip-resistant floor. Ultragrip floors provide a safe surface for technicians as well as reducing the chance of shifting loads. Each floor is vehicle specific and designed for perfect fit.

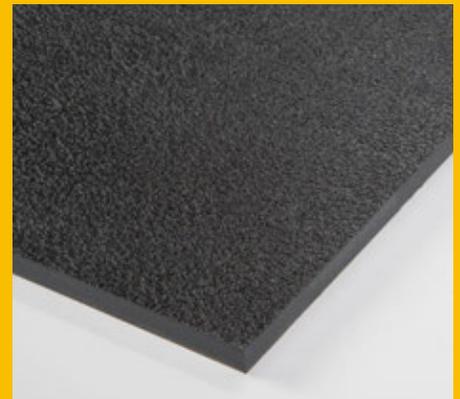

These durable floors are easy to install and simple to clean. Puzzle-joint to economize on shipping.

PUZZLE JOINT DESIGN  
FOR EASY SHIPPING

## PROTECTION

Rigid floor covering protects cargo van floors from impact damage and scratches.

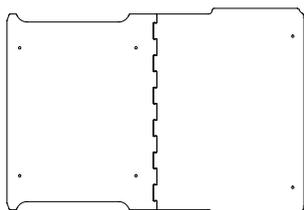

## SAFETY

Ultragrip floor also minimizes the chances of slipping and reduces shifting of cargo.

## EFFICIENCY

Ultragrip floors provide technicians with a durable work surface that is easy to clean.

Ranger safety partitions provide a solid and secure barrier between the occupants of the van and the cargo.

Built from heavy gauge steel, aluminum and thermoformed ABS and polycarbonate, they are designed for maximum impact resistance and uphold a standard of safety set only by Ranger products.

Ranger partitions also provide a more comfortable environment for the driver by giving more seat travel and by not rattling as the vehicle drives down the road.

Ranger manufactures a variety of tough, quiet drawer systems and storage modules. Using top quality components such as full-extension, high-capacity ball-bearing drawer slides, secure locks, and Ranger’s unique braided stainless steel cable-pull handles. These drawers are the organizational quality that you deserve.

If you never again want to experience the frustration of drawers that jam, sag, and don’t latch properly, we have the solution.
