# THE BENEFITS OF CERAMX

Neither rain, nor snow, nor salt are any match for Ceramx. It's a revolutionary ceramic paint protection that will keep your vehicle looking its best for life. A one time application, Ceramx gives you scratch resistance as well as fewer and easier washes. It repels water, dirt, road salt, ice, snow and other environmental contaminants. Ceramx is the ultimate protection for your vehicle.

## THE SCIENCE OF CERAMX

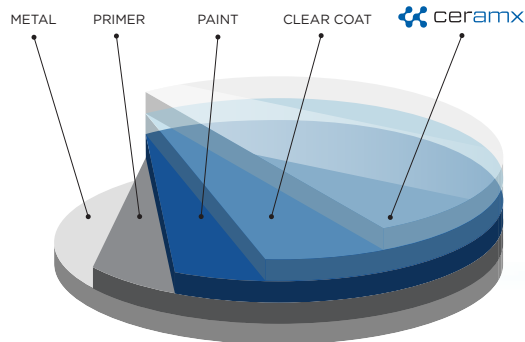

The main chemical composition of Ceramx Is **Silicon Carbide**

This is the same material they use in bullet proof vests, cutting tools, and ceramic brakes.
